London, Worcester and Birmingham based

I am a recent graduate of BA (Hons) Set Design for Screen at Wimbledon College of Art (UAL). I am an enthusiastic, hardworking and trustworthy individual looking to work as an art department assistant. I have a full UK driving license and a car.

### Skills

Technical drawing, White-card model making, Research, Location surveying, Concept Art, Script breakdowns, Prop sourcing and buying, Set dressing, Set Building, Set decoration.

Digital skills -Auto CAD, Adobe Photoshop, Adobe Illustrator, Adobe Premier Pro, Sketch-up, Dragon Frame

### Tv and film experience

**Lego Masters (Channel 4)** (2017) (TV show) - A reality show in which teams compete to build the best lego projects. I assisted the art department on set, stocking the set ready for filming.

**We Must Smile** (2017) Dir: Gav Mukerji (Short) - A film about a mother who murders her husband but has to maintain the 'perfect' family image. I sourced and brought props, then dressed four rooms. I was also on standby and continuity for all filming days.

**BFI 'India on Film'** (2017) (Set design and construction) - Me and 4 others designers, designed and built a set that showed how Bollywood films provided escapism as well as a connection to India and the community of Southall in London in the 70s and 80s. The set also became an exhibition space for the BFI to do events in for their 'India on Film' festival 2017.

### Student short films

**Haunted House** (2017) - Production designer/ Set Dresser

**The Mating Season** (2017) Prop buying and Dresser

**She Dreams** (2017) - Set build, decoration and dressing
